

Welcome to the Asylum

Vreid

Welcome to the asylum
A monotheistic sect
Where reasons are abandoned
The one almighty you serve and protect

Mythic manifest of interpreted scriptures
A roadmap to the spiritual call
While life is not enough and death too much
Armageddon penetrates your soul

Doctrines might be carved in your scripts
With the promise of an everlasting better life
But as Messiah don't deliver
You need something bigger
A fear of an adversary unify you all

Welcome to the asylum
A monotheistic sect
Where reasons are abandoned
The one almighty you serve and protect
