

Asylum #9

W.A.S.P.

Are you insane?
Welcome to the Asylum
House of true enchanted minds
It's the happiest place on earth
For the violent
We almost lost ya
But we caught ya in time

You're here for life - life
I'll fix ya right - right
Gimme your life - life
It's all you gotta do

I'll give you life - life
I'll make it right - right
You're here for life - life
I wanna welcome you

Are you in pain
Or just merely misguided?
Tell me of the demons you've inside
I'll shrink where you think
Till you're fears are subsiding
I'm your physician slash
Magician of minds

Asylum # 9

Oh - no running away
There ain't no place to hide

Asylum # 9

Oh- I'm your physician with a mission
in mind
Oh- I'm your healer I'm your stealer
of minds
