

## Asylum #9

W.A.S.P.

Are you insane?  
Welcome to the Asylum  
House of true enchanted minds  
It's the happiest place on earth  
For the violent  
We almost lost ya  
But we caught ya in time

You're here for life - life  
I'll fix ya right - right  
Gimme your life - life  
It's all you gotta do

I'll give you life - life  
I'll make it right - right  
You're here for life - life  
I wanna welcome you

Are you in pain  
Or just merely misguided?  
Tell me of the demons you've inside  
I'll shrink where you think  
Till you're fears are subsiding  
I'm your physician slash  
Magician of minds

Asylum # 9

Oh - no running away  
There ain't no place to hide

Asylum # 9

Oh- I'm your physician with a mission  
in mind  
Oh- I'm your healer I'm your stealer  
of minds
