

## Mantronic

W.A.S.P.

You see me, a man and machine  
All my life so hungry and lean  
Watch me bleed and I feel no pain  
I'm going wild and slowly insane

Mantronic, I'm on the loose  
Bionic, my neck in the noose  
Mantronic, I'm still the king  
Bionic, half man and machine

One fast lane, on top of the world  
Balls of steel, mechanical pearls  
I pay my dues and suffer alone  
Feel like hell and cut to the bone

Mantronic, I'm on the loose  
Bionic, my neck in the noose  
Mantronic, I'm still the king  
Bionic, half man and machine

Be careful now Because what you wish for  
Just may come true  
If you look  
Behind that door

Mantronic, I'm on the loose  
Bionic, my neck in the noose  
Mantronic, I'm still the king  
Bionic, half man and machine
