

## Restless Gypsy

W.A.S.P.

For so long now, I'm racing on in the wind  
On this road I'm moving on  
I feel the heat, the desert sun burning skin  
Never stopping, always on the run  
Ooh, forever all I want is you here by my side  
But I can't wait too long, no  
Holding me is like taming the seven seas

I'm one restless gypsy, all I need is to catch the wind, where  
my heart's in  
And I'm riding in the breeze  
Call me restless gypsy to the end  
Riding free is all I need  
My spirit's in the wind

Move too fast, no never hold me down  
Catch me if you really think you can  
Feel my touch, two lover cry that sound  
Never, ever knowing who I am  
Ooh, I want you close baby, don't you take too long  
Cause tomorrow I'll be gone yeah  
And holding me is like holding the seven seas

I'm one restless gypsy, all I need is to catch the wind, where  
my heart's in  
And I'm riding in the breeze  
Call me restless gypsy to the end  
Riding free is all I need  
My spirit's in the wind

Easy rider on the highway, got the wind in my hair  
Come on, you can touch me where I lay, running free without a c  
are

I'm one restless gypsy, all I need is to catch the wind, where  
my heart's in  
And I'm riding in the breeze  
Call me restless gypsy to the end  
Riding free is all I need  
My spirit's in the wind
