The Torture Never Stops

W.A.S.P.

Bang, bang, banging in your head You're banging on the walls Hang, hang, hanging up yourself You're hanging by your balls And you, you die but no-one hears or cares And hope's the rope that keeps you tied in knots

The torture never stops
The torture never stops

Suck, suck, sucking at your life
Your master sucks the juice
Shoot, shoot, shooting at you
And the hangman's noose is loose
And you, you cry but no-one hears or cares
And hope's the rope that keeps you tied in knots

The torture never stops
The torture never stops

Your masters beat you bloody Still you're running back for more And every day, you lay down and play the whore

The torture never stops
The torture never stops
