

Thunderhead

W.A.S.P.

Oh Thunderhead, you're a man with a problem
Ah old habits too hard to break
And soon you'll be dead from that poison that you're on
Oh the venom that's worse than the snakes

And I say, hey hey hey, oh no, hey hey hey
Oh no, hey hey hey: white thunder
Needles and pins a dead man you're in
So deep you'll never climb out
Hey hey hey, oh no, hey hey hey
Oh no, hey hey hey: white thunder
A gun to your dead, the trigger you're dead
It's quicker and their ain't no doubt

Oh thunderhead, tie it off, you're in heaven
Oh you'll drown in the Heroin flood
And die in your bed and sweat in detox
You're leaving this world
Oh your epitaph's written in blood

And I said hey hey hey, oh no, hey hey hey
Oh no, hey hey hey: white thunder
Needles and pins a dead man you're in
So deep you'll never climb out
Hey hey hey, oh no, hey hey hey
Oh no, hey hey hey: white thunder
A gun to your dead, the trigger you're dead
It's quicker and their ain't no doubt

Killer- ya sceam and ya bleed
Thriller- you spread your disease
Watch out, watch out

Thunder head - yes I'm your master
Will you steal for me - yes
Will you ruin yourself and give everything unto me- yes
Will you lie, cheat, deceive, dishonor everything
And even kill thy brother for me - yes, yes
Will you worship only me as your true master - yes
Thunderhead, will you die for me - yes master

Hey hey hey, oh no, hey hey hey
Oh no, hey hey hey: white thunder
Needles and pins a dead man you're in
So deep you'll never climb out
Hey hey hey, oh no, hey hey hey
Oh no, hey hey hey: white thunder
A gun to your dead, the trigger you're dead
It's quicker and their ain't no doubt
