

# Thunderhead

W.A.S.P.

Oh Thunderhead, you're a man with a problem  
Ah old habits too hard to break  
And soon you'll be dead from that poison that you're on  
Oh the venom that's worse than the snakes

And I say, hey hey hey, oh no, hey hey hey  
Oh no, hey hey hey: white thunder  
Needles and pins a dead man you're in  
So deep you'll never climb out  
Hey hey hey, oh no, hey hey hey  
Oh no, hey hey hey: white thunder  
A gun to your dead, the trigger you're dead  
It's quicker and their ain't no doubt

Oh thunderhead, tie it off, you're in heaven  
Oh you'll drown in the Heroin flood  
And die in your bed and sweat in detox  
You're leaving this world  
Oh your epitaph's written in blood

And I said hey hey hey, oh no, hey hey hey  
Oh no, hey hey hey: white thunder  
Needles and pins a dead man you're in  
So deep you'll never climb out  
Hey hey hey, oh no, hey hey hey  
Oh no, hey hey hey: white thunder  
A gun to your dead, the trigger you're dead  
It's quicker and their ain't no doubt

Killer- ya sceam and ya bleed  
Thriller- you spread your disease  
Watch out, watch out

Thunder head - yes I'm your master  
Will you steal for me - yes  
Will you ruin yourself and give everything unto me- yes  
Will you lie, cheat, deceive, dishonor everything  
And even kill thy brother for me - yes, yes  
Will you worship only me as your true master - yes  
Thunderhead, will you die for me - yes master

Hey hey hey, oh no, hey hey hey  
Oh no, hey hey hey: white thunder  
Needles and pins a dead man you're in  
So deep you'll never climb out  
Hey hey hey, oh no, hey hey hey  
Oh no, hey hey hey: white thunder  
A gun to your dead, the trigger you're dead  
It's quicker and their ain't no doubt
