

## If I Fall

W.E.T.

Girl if I ever lose my faith  
If I ever lose myself sometimes  
If I ever lose my hope  
If I ever lose my way in life  
There might be days when fear gets the best of me  
there might be days I  
Struggle to believe

And girl,  
Will you be there beside me  
Will you be there to guide me  
Oohh.. to catch me if I fall  
walk me safe through the fire  
take us higher and higher  
oohh  
and catch me if I fall

Girl, can you see me as I am  
Can you see the man I try to be  
There might be days I'm willing to  
Walk away  
Somewhere in my heart I know that  
I'll always stay  
And girl,  
Will you be there beside me  
Will you be there to guide me  
Oohh.. to catch me if I fall  
walk me safe through the fire  
take us higher and higher  
oohh and catch me if I fall  
and catch me if I fall  
so catch me if I fall  
baby will you be there  
and oohh  
will you be there beside me  
will you be there to guide me  
to catch me if I fall  
walk me safe through the fire  
take us higher and higher to catch me if I fall  
oohh so catch me me if I fall  
oohh so catch me if I fall  
oohh walk me safe through the fire  
oohh  
if I fall
