

Just Go

W.E.T.

There's no tomorrow only now
And here's the place to be
You gotta do what you gotta do, yeah
To be all you can be

Can't choose the way we die
But we can choose how we live

Just go
Catch your every dream
Just go
Set your spirit free

The secret is we can do anything
It's all about believe, oh
Faith, hope and love and some fantasy, yeah
Can get you what you need, oh

Can't choose the way we die
But we can choose how we live

So just go
Catch your every dream
Just go
Set your spirit free
Just go
Catch your every dream
Just go
Your spirit never dies, oh yeah

Set your spirit free
And your dreaming of fight
Spirit free
Spirit never dies

Oh, can't choose the way we die
But we can choose how we live

Yeah, yeah
Just go
Catch your every dream
Just go
Set your spirit free

Just go
Catch your every dream
Just go
Set your spirit free
