

# Kings on Thunder Road

W.E.T.

We couldn't die  
So young and invincible  
Thought we were indestructible  
Each other's alibi  
No in-betweens  
Every day was all the way  
Didn't save it for a rainy day  
Right now was all that mattered

We went down to the river and danced in the dark  
Ran in the streets to the beat of our hearts  
And we learned to fight  
We were the kings down on Thunder Road  
We ruled our own kingdom an army of two  
The battlefield changed everyday as we grew  
Yeah we learned to fight  
We were the kings down on Thunder Road

(We were the kings down on Thunder Road)  
We were the kings  
(We were the kings down on Thunder Road)

We grew from pain  
And we learned to walk it off  
Too proud to cry just get back up  
And showed them what we're made of

We went down to the river and danced in the dark  
We ran in the streets to the beat of our hearts  
And we learned to fight  
We were the kings down on Thunder Road  
Yeah we ruled our own kingdom an army of two  
The battlefield changed everyday as we grew  
Yeah we learned to fight  
We were the kings down on Thunder Road

We went down to the river and danced in the dark  
We ran in the streets to the beat of our hearts  
And we learned to fight  
We were the kings down on Thunder Road  
Yeah we ruled our own kingdom an army of two  
The battlefield changed everyday as we grew  
Yeah we learned to fight, yeah  
We were the kings down on Thunder Road

(We were the kings down on Thunder Road)  
(We were the kings down on Thunder Road)  
(We were the kings down on Thunder Road)  
We were kings  
(We were the kings down on Thunder Road)
