

My Everything

W.E.T.

Oh, yeah

I'll be your shoulder to lean on
I'll be your rock I will be your frind
I will be standing beside you right down
'Til the end

Want you to know you can trust me
Want you to know I'll do anything
Want you to know there's a place in my heart
Where no ones been

You are
Oh, you're my everything
Got you deep within
You are
What I've been waiting for
Keep me wanting more
You are
My everything

Feels like I known you a lifetime
Feels like I'm home when I'm in your arms
Feels like this love's really meant to be
Got it all

You are
Oh, you're my everything
Got you deep within
You are
What I've been waiting for
Keep me wanting more
You are
Oh, you're my everything
Got you deep within
You are
Oh, my everything

Every step has lead me up to you
(I don't regret a thing)
Every broken heart, every single tear
And I'd do it all again, oh

Woah, you are
Oh, you're my everything
Got you deep within
You are
What I've been waiting for
Keep me wanting more

You are
Oh, you're my everything
You got me deep within
You are
Oh, I've been waiting for
Keep me wanting more
You are

Oh, you are
Oh, you are my everything
