

## Shot

W.E.T.

I'm running blind into the dark  
'Cause I can't find my way, my way back home  
You clearly stole my heart  
Pretending your goodbyes were my hellos

The smile upon my face is gone  
How do you live your life with all you've done  
Was I so blind to see, who knows  
I'll never understand your damaged soul

You've gone and broke another promise  
Think I should've known the truth from the start  
To you it's just a game  
As you fired a shot, shot, shot through the heart  
I'm looking for some solace  
To never know the reasons why we fell apart  
To me it's all the same  
It's all just a shot, shot, shot through the heart

I guess you never felt the pain  
The kind that never goes away, away at all

I was too blind to see, I know  
I'll never know the way you chose to go

You've gone and broke another promise  
You think I should've known the truth from the start  
To you it's just a game  
As you fired a shot, shot, shot through the heart  
I'm looking for some solace  
To never know the reasons why we fell apart  
To me it's just the same  
It's all just a shot, shot, shot through the heart

You've gone and broke another promise  
Think I should've known the truth from the start  
To you it's just a game  
As you fired a shot, shot, shot through the heart  
And if the hurt should ever go away  
I know the memories are here to stay  
I'll still feel, still feel your shot, shot, shot  
through the heart

I'll say it again, you gave me a shot, shot, shot  
through the heart  
Another shot through the heart
