

# Good Time Tonight

Wade Bowen

I just want to have a good time tonight  
I'm so tired of all the fights  
All the fussing and fighting  
Everything we go through  
I just want to paint the town with the boys  
I don't want to think about you at all  
Oh, I just want to have a good time tonight

It seems that all we do  
Is argue about nothing at all  
You're always accusing me of things that I don't do  
Maybe one day you'll wake up  
And realize how good I am to you  
You'll be looking for me but baby I'll be long gone

For the first time in so long  
I know I can finally live without you  
Your damn good looking, but baby I just need more  
We used to be so in love  
I don't even know what I did wrong  
So I'm gonna go out and try to drink you off my mind

Don't you try to call me up  
Cause girl I don't want to talk  
I know that you're just lonely  
And you're mad about how I feel
