

# I Wonder

Wade Bowen

I wonder what she's thinking  
She's got that look in her eyes  
I may be across the room  
But I think I know how she feels inside  
All the girls that she came with  
They're all whispering in her ears  
I'm hoping I don't have to do a think  
And she'll just walk right over here

I wonder what he's thinking  
He's got that look in his eye  
I may be across the room  
But I think I know how he feels inside  
I'm not quite sure who he came with  
He's only paying attention to me  
I sure hope he comes over here  
Cause he's as good lookin' as he can be

Do you believe in destiny  
Do you believe in fate  
Ain't it funny how a man and a woman  
Can meet in the strangest place  
Could this be who  
I've waited for all along  
I wonder what she's thinking  
I wonder what he's thinking

I wonder if I should walk over there  
It seems like the right thing to do  
Seems like she's playing hard to get  
Maybe I should just try to play it cool  
It looks like he might be a little scared  
Or he could just be shy  
I wonder if he sees me looking at him  
Oh, its tearing me up inside

I believe in destiny  
I believe in fate  
I believe a man and a woman  
Can fall in love in the strangest place  
Stop being such a fool  
This is who you wanted all along  
I wonder what she's thinking  
I wonder what he's thinking

She's walking out the door  
Guess her interest wasn't much at all  
All this time I've been thinking so hard  
All this time I've been thinking so wrong  
He must not even care at all  
He's just watching me walk out the door  
I know I probably shouldn't care  
I guess out there there's something more

I still believe in destiny  
I still believe in fate  
I still believe a man and a woman

Can fall in love in the strangest place  
I guess this wasn't meant to be  
Someone else will come along  
I'll always wonder what she's thinking  
I'll always wonder what he was thinking

Oh, God how I wonder
