

# Lay It All On You

Wade Bowen

It's funny how some people dream  
They put on a show just to be on the scene  
I don't know how many times  
I've been right here and you still don't see me  
It may be wrong but tonight I'm gonna see those city lights  
Cause it sure as hell beats lying here wishing I was on your mind

Well tonight I'm walking and you start talking  
'Bout what you said we'd never be  
Oh and I've been worried  
It's the same old story  
I never know if you're gonna leave  
I say it's the last time  
Just like I always do  
So I'll give you another chance  
And I'll lay it all on you

Well I caught myself out drifting cause sometimes I like just to be a  
lone  
Like a lonely gypsy with nothing to lose and no one to call my own  
I know that there's people watching just waiting for my next move  
Oh but they can't see that I'm too busy waiting on me and you

Well tonight I'm walking and you start talking  
'Bout what you said we'd never be  
Oh and I've been worried  
It's the same old story  
I never know if you're gonna leave  
I say it's the last time  
Just like I always do  
So I'll give you another chance  
And I'll lay it all on you

Lay it all on you

Well tonight I'm walking and you start talking  
'Bout what you said we'd never be  
Oh and I've been worried  
It's the same old story  
I never know if you're gonna leave  
I say it's the last time  
Just like I always do  
So I'll give you another chance  
And I'll lay it all on you

Oh I'll give you one more chance, and I'll lay it all on you  
Lay it all on you
