

On My Way To Wonderful

Wade Bowen

On my way to wonderful I found you,
It feels so good to be around you
Pray the day, forever's what I'm feeling,
Something to believe in, baby.

In your eyes everything on the horizon,
I can see the light, oh, how it's shinin'
Hold on tight to this gift that has been given,
We're alive but now we're really living

Living a dream, lost in a smile,
Loving a heart, knowing it's mine
We are a song, a song of a sea,
Let the world hear it, baby, let it ring.

On my way to wonderful I found you,
It feels so good to be around you
I pray the day, forever's what I'm feeling,
Something to believe in, baby.

In your eyes everything on the horizon,
I can see the light, oh, how it's shinin'
Hold on tight to this gift that has been given,
We're alive but now we're really living

Living a dream, lost in a smile,
Loving a heart, knowing it's mine
We are a song, a song of a sea,
Let the world hear it, baby, let it ring.

On my way to wonderful I found you,
It feels so good to be around you
I pray the day, forever it's what I'm feeling,
Something to believe in, baby.

Yeah, something to believe in
To wonderful
Oh, on my way
To wonderful
