

Songs About Trucks

Wade Bowen

Whatever happened to a feeling bad song
Lost the best damn woman that you ever had song

It's all four wheel drives and jacked up tires
Rollin' out of them speakers
But for a trip down memory lane tonight
I need something a little deeper

Than s10 Chevy's or f150's
Flatbed Dodge ram dirt road ditties
Headlights taillights Daddy's Eldorado
Dashboards ditches or silver Silverados

Down by the lake or down by the river
Mud bank no thanks
I'm just gonna sit here and miss her
So mister here's my 20 bucks
Don't play no songs about trucks

Most nights I don't really mind 'em
With the windows down Hell I might even rewind 'em
But since my heart got broke
I don't wanna drive around
Just wanna let this heartache soak
Up a sadder sound

Than s10 Chevy's or f150's
Flatbed dodge ram dirt road ditties
Headlights taillights Daddy's Eldorado
Dashboards ditches or silver Silverados

Down by the lake or down by the river
Mud bank no thanks
I'm just gonna sit here and miss her
So mister here's my 20 bucks
Don't play no songs about trucks

Or trailers or tailgates or tractors
I'm gettin' drunk, but not in a pasture
This bar stool is right where I'll stay stuck

Yeah have another beer
But I don't wanna hear
No songs about trucks

No no no
No more songs about trucks
No no no no no
