

## Songs About Trucks

Wade Bowen

Whatever happened to a feeling bad song  
Lost the best damn woman that you ever had song

It's all four wheel drives and jacked up tires  
Rollin' out of them speakers  
But for a trip down memory lane tonight  
I need something a little deeper

Than s10 Chevy's or f150's  
Flatbed Dodge ram dirt road ditties  
Headlights taillights Daddy's Eldorado  
Dashboards ditches or silver Silverados

Down by the lake or down by the river  
Mud bank no thanks  
I'm just gonna sit here and miss her  
So mister here's my 20 bucks  
Don't play no songs about trucks

Most nights I don't really mind 'em  
With the windows down Hell I might even rewind 'em  
But since my heart got broke  
I don't wanna drive around  
Just wanna let this heartache soak  
Up a sadder sound

Than s10 Chevy's or f150's  
Flatbed dodge ram dirt road ditties  
Headlights taillights Daddy's Eldorado  
Dashboards ditches or silver Silverados

Down by the lake or down by the river  
Mud bank no thanks  
I'm just gonna sit here and miss her  
So mister here's my 20 bucks  
Don't play no songs about trucks

Or trailers or tailgates or tractors  
I'm gettin' drunk, but not in a pasture  
This bar stool is right where I'll stay stuck

Yeah have another beer  
But I don't wanna hear  
No songs about trucks

No no no  
No more songs about trucks  
No no no no no
