

Why Can't You Love Me

Wade Bowen

Why can't you love me?
What can't you just be my girl?
Why's it all got to be so complicated?
If you really love someone
I know you don't really love me
And baby I guess that's alright
At least I had my moment with you
And I'll have that the rest of my life

Sometimes your dreams just don't work out
You know I've had my share before
Guess it's just another time that I'll have to walk through
Another unopened door

Why's it so hard
Hiding all of my pain
I'll try not to be sad girl
I'll just hide my tears behind the rain coming down
If that's the only way to make you happy
Then I'll do it against my will
Yeah we could have been something really special
Now that's just a prophecy left unfulfilled

I hope my heart can handle all of this
It's crazy the way I'm feeling inside
Maybe someday I'll get over you
But for now I don't even want to try

Sometimes your dreams just don't work out
And it's crazy the things I'm feeling inside
Maybe someday I'll get over you
But for now I don't even want to try

Why can't you love me?
Why can't you just be my girl?
Why's it all got to be so complicated?
In this complicated world
