

# It's Over My Head

Wade Hayes

You could've had anyone you wanted  
That just goes to show how crazy love can be  
Look at us now baby who would have thought it  
I don't know why you chose me

It's over my head and I'm six feet tall  
This beats anything I ever saw  
Well I don't see what you see in me at all  
It's over my head and I'm six feet tall

You could be riding in a big Mercedes  
But here you are with me in a pickup truck  
I never had a way with the ladies  
So how'd I fool ol' ladyluck

It's over my head and I'm six feet tall  
This beats anything I ever saw  
Well I don't see what you see in me at all  
It's over my head and I'm six feet tall

Lovin' you comes easy girl my heart is in your hands  
It's why you take a chance on me that I can't understand

It's over my head and I'm six feet tall  
This beats anything I ever saw  
Well I don't see what you see in me at all  
It's over my head and I'm six feet tall

It's over my head and I'm six feet tall
