It's Over My Head

Wade Hayes

You could've had anyone you wanted That just goes to show how crazy love can be Look at us now baby who would have thought it I don't know why you chose me

It's over my head and I'm six feet tall This beats anything I ever saw Well I don't see what you see in me at all It's over my head and I'm six feet tall

You could be riding in a big Mercedes But here you are with me in a pickup truck I never had a way with the ladies So how'd I fool ol' ladyluck

It's over my head and I'm six feet tall This beats anything I ever saw Well I don't see what you see in me at all It's over my head and I'm six feet tall

Lovin' you comes easy girl my heard is in your hands It's why you take a chance on me that I can't understand

It's over my head and I'm six feet tall This beats anything I ever saw Well I don't see what you see in me at all It's over my head and I'm six feet tall

It's over my head and I'm six feet tall
