

On A Good Night

Wade Hayes

On a good night I could hop in my truck
Round up my friends and with any kind of luck
We could end up howling at a harvest moon
On a good night I could put on my hat
Head down to the honky tonk and dance
But on a real good night I meet a women like you

Brown hair blue eyes once in a life time countrified kind of gi
rl
Heart-breaking chance-taking wild little love making
Shaking up my world
Hey on a good night I can picture the day
All my dreams come true
But on a real good night I meet a women like you

On a good night I can drive to the lake
Turn on the radio and find George Strait
Then go play a little game of eight ball pool
On a good night I might be found
Draggin' with the boys cross town
But on a real good night I meet a women like you

Brown hair blue eyes once in a life time countrified kind of gi
rl
Heart-breaking chance-taking wild little love making
Shaking up my world
Hey on a good night I can picture the day
All my dreams come true
But on a real good night I meet a women like you

Brown hair blue eyes once in a life time countrified kind of gi

Heart-breaking chance-taking wild little love making
Shaking up my world
Hey on a good night I can picture the day
All my dreams come true
But on a real good night I meet a women like you
