Love Serenade

When the night time comes You can hear My heart calling Calling out to you My one true love Thinking about you All of the while Thinking about you It's making me smile Honey I'm sitting On top of the world Just thinking about you

In the morning light That's when I'm feeling right Another day come, Another day go, Another day closer Till I make you my own Honey, I'm siting On top of the world Just thinking about you

I wouldn't say it If it wasn't true Honey I'm in love with you I'm going to show you What I can do

Come over here You've gotta be told, My love for you Is out of control Honey I am sitting On top of the world, Just thinking about you, girl I'm going to show you How much I care, Marry you and Take you away some where Sit back in a rocking chair And rock all day With you my dear Cause I love you, I love you I love you I love you In the mornin', In the evening, In the night time or In the middle Of the afternoon I love you

I love you

The Waifs

I love you I love you Damn right
