

Ain't Shit Changed

Waka Flocka Flame

39 thousand in the hole in taxes
Can't westley snipes me you jealous bastards
My phantom ghost came with champagne glasses
Bsm we go hard no sealis
Took us universal tour all around that addlist
Way above average, we winning, haters hating
My swag is immaculate
Hit them with a mad clip
Give your girl mad dick
Put em randy savage, bands gotta have it
I'm a pow bastard

Lord why they arguing over short change
Where I'm from we want the money, middle finger fame
Off a couple million ain't shit really change
Same nigga, same click, ain't shit changed
Same nigga, same click, ain't shit changed, squad!

Known for acting wild around town with the ratchet
Dreams I'm snatch it, bullshit I'm over it
I did what they said I couldn't do in 3 years
Lost a couple of friends, shit some mommies shed tears
Some call me a star but sap for more violence
Word I never make it past one single
Look at me now, ain't that shit a lie
I changed the sound of hip hop, when flocka village out!

Lord why they arguing over short change
Where I'm from we want the money, middle finger fame
Off a couple million ain't shit really change
Same nigga, same click, ain't shit changed
Same nigga, same click, ain't shit changed, squad!

I'm off a couple millions niggas lookin at me funny
Guess they love me dirty, fuck them shoes in bummy
Signed to a major but they treat me like an indie
Seen the bigger picture, but they bust chasing pennies
My family treats a gangster, my mama she a gangster
My daddy died a gangster
Me morse little fangle, you don't like my music
You don't know me, I don't blame you
You don't like my music, never met you
I don' t blame you!

Lord why they arguing over short change
Where I'm from we want the money, middle finger fame
Off a couple million ain't shit really change
Same nigga, same click, ain't shit changed
Same nigga, same click, ain't shit changed, squad!
