Critics don't like me, hip-hop like fuck me  
I'm in the trap with the goonies and the junkies  
Baby, shake that ass, bust that pussy for them bands  
You got me in a trance, baby, do it with no hands  
Swagging through the club, smelling like Versace  
Rolling off a bean, wish a fuck nigga try me  
Mob style life, so call me John Gotti  
All my niggas felons, some niggas beat bodies  
Get it like the Red Cross if I owe you money  
Jewelry man calling, shawty, you too funny  
I'm from Riverdale, so you know a nigga sheisty  
Rob you for your ice, pussy nigga, now I'm icy

Fuck the police, I'ma keep blowing loud  
Bands on deck, we could take this shit to trial  
I'm a lotto ticket, I'm not talking Bow Wow  
Probably with your Blood, fucking with the big homie  
Riding around Clayco, where everybody know me  
Always keep it hood, my boys'd never disown me  
I'm nominated the fans' favorite  
Every time I hit your city or hit your block or mall like I live there  
All my shows packed out like a motherfucker  
All my niggas strapped up like a motherfucker  
If a nigga jump stupid, we gon' beat your stupid ass  
Hit you with a couple of bottles with your stupid ass
