

## Interlude

### Waka Flocka Flame

Just smoked up, already I had a bad day  
Shit was cool just yesterday  
We was makin moves nigga yesterday but ya'll nigga yesterday  
That's the past, kiss my ass  
Street educated, good everywhere no hall pass  
Police pull up hard and tucked it in my ball sack, that's the s  
tash  
Lifestyle fast, cash comin in fast  
Couldn't do a 9 to 5 so I grabbed a black mask  
That quick cash, tryna dup my casket  
I'm a proud bastard, my park is Jurassic  
Choppa kick gymnastics  
Police kicked those doors, throw the work in them asset  
Yo money like a mad chick

I said I'm going through so much

My girl - she don't understand  
My family - they don't understand  
The world can't see it  
Where I'm from you gotta keep a pistol  
Where I'm from you gotta keep a pistol
