

Touchdown

Waka Flocka Flame

On pro street, wait for it to touch down
On that pat rain and I ain't gotta touch down
Everybody here impatient, gotta touch down
Waiting on that work to drop we gotta touch down
Touch down, touch down, touch down
Waiting on that pack to drop, we gotta touch down
Touch down, touch down, touch down
On pro street, to drop that weight touch down

I'm trafficking the traffic, say what
We wrap the work up in plastic, wrap it in what?
We make that shit feel like gymnastic, make it flip
Try to cool shit don't get nasty
I'm with waka flocka we sitting here blowing on kush sticks
And I'm money hungry, I'm getting bills like bush wicks
These niggas still hatin, I'm like oh well
And these snitchin niggas 12, like the hotel
I used to be the one that was trigger happy
And now I got my shooter, right in my twitter have it
He say he tried to send some niggas at me
But I ain't gone for it
I'm on pro street, with the trigger happy

On pro street, wait for it to touch down
On that pat rain and I ain't gotta touch down
Everybody here impatient, gotta touch down
Waiting on that work to drop we gotta touch down
Touch down, touch down, touch down
Waiting on that pack to drop, we gotta touch down
Touch down, touch down, touch down
On pro street, to drop that weight touch down

Man it's bout to touch down, yes I be
Hunned pack, dirty birds, buzz down, squad
Packs running back like steven Jason
Waka flocka, waka flocka,
Hit the curts, shawty, lights, camera, action
I sout bbs that's too many men you know
On the gt3 catching planes like I'm Jordan maine
Bitch I'm balling, bitch I'm balling till my time hoe
Turn my rollie, tell my kiss my rang hoe
3 girls with me shawty that's cee lo
Riding fari back to back me chasing tricko
And shawty all for claike
I'm a millionaire soon as them birds touch down, hoe

On pro street, wait for it to touch down
On that pat rain and I ain't gotta touch down
Everybody here impatient, gotta touch down
Waiting on that work to drop we gotta touch down
Touch down, touch down, touch down
Waiting on that pack to drop, we gotta touch down
Touch down, touch down, touch down
On pro street, to drop that weight touch down.
