

# Whole Wide World

Waka Flocka Flame

Thank God for the block and the street lights  
The way them niggas treat me when my life wasn't right  
When I was fucked up, everybody laughed  
Now I got some money, niggas want a part of my cash  
Kiss my ass, black mask,  
When a nigga didn't have it, had to rob fast  
On the block I'm tryina get it  
Dope man's dream, 15 years, I've been tryina live it  
Part of my pivot, if I came up wrong  
Don't blame me for what I grew up in  
I'm a product of my environment  
Head first, yes, so I jumped all in  
Then I picked up a pen and a pad  
Changed a nigga life, I'm doing shows all over the world  
Shit I feel invincible,  
If these fans show you love like this, you would too  
To my brother kwan, kao and ru  
From me to you, you ain't gotta work a day in your life  
That's why I go hard in the bunker booth  
And when I do a show on the stage  
Make these fans feel everything I wrote on the page  
Yeah, kiss my ass nigga, this my year

All I know is this struggle that rains rain  
And I love my block cause on top  
They the one save me  
I gotta keep my grind just when I  
Let them take it  
And sure feel good to know they couldn't break me  
I tell em how I feel, how I feel, how I feel  
I feel invincible  
How I feel, how I feel  
I feel invincible  
I tell em how I feel, how I feel, how I feel  
I feel invincible  
How I feel, how I feel

Some say I'm illiterate, others say I can't count  
Bet I know them numbers in my bank account  
They say I can't rap, I agree  
5 million later with no college degree  
My friends, fans and family I can't go without  
My grandma say the devil tryina take me out  
I kept God first, always knew to bomb first  
In every verse shawty get a vocal hearse  
Follow quotes from these great men  
Put me anywhere on God's green earth  
I'm a triple my work, the son of devil  
I can do whatever  
Make money anywhere, through any weather  
However people hating in and criticizing anything I do  
Wanna blog about me, surround myself with positive energy  
Get the negative away from me, nigga this my year, Flocka!

All I know is this struggle that rains rain  
And I love my block cause on top  
They the one save me

I gotta keep my grind just when I  
Let them take it  
And sure feel good to know they couldn't break me  
I tell em how I feel, how I feel, how I feel  
I feel invincible  
How I feel, how I feel  
I feel invincible  
I tell em how I feel, how I feel, how I feel  
I feel invincible  
How I feel, how I feel
