

## Blame You

Wakey!Wakey!

You are the only person in this room  
And I can't take my eyes off you  
I bet you can't guess what I would do  
To kiss you in the middle of the room  
And all this love between us grows  
But we're sitting on our hands and we're turning up our nose  
I bet you can't guess what I would do  
To kiss you in the middle of the room  
I bet you can't guess what I would do  
To kiss you in the middle of the room

Cause I don't blame you anymore  
I don't blame you  
Cause I don't blame you anymore  
I don't blame you

All my sex, and all my sins  
I still can't gather where you went  
I guess that you loved the things I did  
Much more than the things I'm doin  
So you've got sense, and I've got Shit  
And I'm just trying to swallow it  
But I tell you right now if I see you again  
I'm gonna kiss you in the middle of the room  
I tell you right now if I see you again  
I'm gonna kiss you in the middle of the room

Cause I don't blame you anymore  
I don't blame you  
Cause I don't blame you anymore  
I don't blame you

So I turn out the lights  
And I cover my eyes  
Cause you know I can't sleep til it's light outside  
And It's not so often that I think of you,  
But it kills me when I do  
I hope that you don't stay gone long  
And I hope you haven't changed when you get back home  
And I hope you know  
That when you do I'm gonna kiss you in the middle of the room  
I hope you know  
That when you do I'm gonna kiss you in the middle of the room

Cause I don't blame you anymore  
I don't blame you  
Cause I don't blame you anymore  
I don't blame you
