

## The Oh Song

Wakey!Wakey!

Maybe, I'm just lonely.  
Here with my pillow and my silent movies  
Maybe I lost, yeah I lost my mind  
Wake up tomorrow and we'll be just fine  
But I know...

Maybe you already know  
Smoking out your window sipping your diet coke  
Maybe you don't cause you seem just fine  
and that's why I keep leaving in the middle of the night

Cause I know  
That it's only just a matter of time  
Before these walls start crumbling, crumbling  
and it's only just a matter of time  
Before these walls start tumbling, tumbling

Cause I know  
That it's only just a matter of time  
Before these walls start crumbling, crumbling  
and it's only just a matter of time  
Before these walls start tumbling, tumbling

It's only just a matter of time  
Before these walls start crumbling, crumbling  
and it's only just a matter of time  
Before these walls come tumbling, tumbling
