

Let It Ring

Waking Ashland

I never heard a sound as big as you
Even when I was old
Everything seemed new
Let it ring, let it ring
Until the walls start caving in
You're getting love from everyone
It's not enough to save you from
I'd burn this house if I thought it slow you down
It gets so lonely when you're living underground
Let it ring, let it ring
Until the walls start caving in
You're getting love from everyone

It's not enough to save you from
Oh, oh, oh ooo. Oh, oh, oh ooo.
Oh, oh, oh ooo. Oh, oh, oh ooo.
My help you didn't see it
Your pride, could not be beaten
You came to push and needed
This lives not to be cheated
Let it ring, let it ring
Until the walls start caving in
You're getting love from everyone
It's not enough to save you from
Let it ring, let it ring
Until the walls start caving in
You're getting love from everyone
It's not enough to save you
