

Always Unprotected

Waking the Cadaver

Countless nights getting twisted
Extreme illicit substance inhalation.
Fuck...I'm crazing some penetration
Because hoes, let me tell you,
I do it unprotected like its my occupation,
And gaurenteed
Your pucking up your lips for a spraying.
Fresh shave on my piece, babe I'm always ready,
But just cause we fucked a few time doesn't mean we're going st
eady.
I have too much much womanizing on my agenda,
I really respect a true anal freak,
To satisfy my needs,
When your around me you know its time to get on your knees.
I like it raw and dirty,
And when I see you acting flirty,
I know its time for you to hop on.
Craving satisfaction of a different kind,
If you only knew the thoughts inside my mind.
My killer instinct awakes.
Forceful anal intercourse,
Rupturing the bowel,
Ass to mouth,
Your blood must taste so foul
