

## Lumped Up

## Waking the Cadaver

now ya done fucked up  
better watch ya mouth son  
i cauht your ass talkin shit  
ya bout to get lumped up  
how did ya think that you  
were gonna get away  
I gotchya in my grasp  
now ya lumped up by the best  
it's your kind I despise  
all the lies  
not so wise  
my lump hammer  
aims for your skull  
putting holes  
above your eyes  
my message is very clear  
as I thump away...  
you'll get the point of pain  
lumped up!  
I... mused up your brain  
you're about to see mad carnage unleashed  
you talked a bunch of shit  
ran ya fuckin mouth son now ya wig is split  
blow flows straight from the blows  
lump hammer takes care of all of my foes  
your boys watch, scared, as I continue to thrash  
skull fragments fly everywhere  
awesome sight - to see brains stuck to hair  
what are you looking at you little pricks  
watch out punks I'm comin for you next  
now ya done fucked up  
betta watch ya mouth son  
caught your ass talkin shit  
ya bout to get lumped up  
how did ya think that you  
were gonna get away  
I gotchya in my grasp  
now you're lumped up by the best
