

## Made In Hell

### Waking the Cadaver

No one can escape the evil im about to bring

Satanic chaos everybody can see  
Inflicting pain into the masses  
Panic, fury , heinous disasters  
Many are, witnessing my destruction  
By my lord satans power

Pure hatred grows with every , passing hour  
The body count is getting  
Higher-higher

Watching me kill  
You know i refuse to be stopped  
Bullets flying in the flesh , im taking souls

Total death , total death  
My master shows me  
Just how to show no mercy  
Wasting no more time i pick up the pace

My killing moves  
To the religious race  
Slaying inside their place of worship  
Preaching sin as i burn them  
Evil is never done

Making my way back through the night  
Im made in hell (2x)

Annihilation (4x)

Knowing that your end is near  
From the corner  
I smell the fear  
I kill you  
Then i disappear

As i march into the ground  
Cant you tell

I was made  
Was made in hell  
I was made in hell
