

## Pigtails Are For Face Fucking

### Waking the Cadaver

Forced deep into the separated cranium of a crusty used up slut  
: my gigantic rod.  
Swollen member penetrating her now empty eye sockets, and all o  
ther holes are to be filled.  
Crushing and fucking pulverized brain tissue with a still moist  
tongue caressing my sack.  
The bitch never saw that one comin.  
She tried to scream, she tried to fight.  
But I plugged her throat.  
With my ten inch pipe.  
She choked and gagged and punched for mercy.  
But this whore should ave known better.  
I busted out my trusty blade.  
and removed her skull from her twitching body.  
Now theres silence and the bitch is dead.  
Finally I can fuck some face in peace and quiet.
