

Memories

Waldeck

All the souvenirs
In my memories
Got me going down in strike

All the souvenirs
In my memories
Got me ruining my soul

All the souvenirs
In my memories
Got me going down in strike

All the souvenirs
In my memories
Got me ruining my soul

But if you tell me
What I should be offering

But if you tell me
What I should be offering
Then maybe
The sun is increasingly high

All the souvenirs
In my memories
Got me ruining my soul

But if you tell me
What I should be offering
