Mark Ronson's tour was lit
Have a glass with Lily Allen
Shit, I was really shy then, I would admit
Having no chill at none of the Googles
To having Lady Gaga in my mix
I do it for niggas that do it for niggas that love it
Me and you similar
You just do it for the money
I was a hustler
Youngin', but I knew nothing
Fuck all the bitches like Juan running through the budget
Got game from Mr. Carter
Be-hi and Chaka, they all follow
Black Bo and Pucci
Forever we Gucci
But I got a wood seat so Mase climbing
Like go KD
Me and Tony on the floor, KD
Have you ever seen a 7-footer shooting guard
On guard? Not before KD
Run it back like, go KD
Sniper jones, what you know KD?
Lord knows, if you never come back
I'ma play this whole track
While I roll another KD
Fuck with
