

Coolin'

Walk Off the Earth

Coolin' like, yeah
I'm coolin' like, there
I'm coolin' like, oh babe
I'm coolin' like, ayyy

I met this girl down in Mexico
She from Jamrock or Joreos
Girl that spliff
I made mojitos, yeah
We sat in the sun
The conversation flows

This insane life
You must grab a girl
Later tonight
I will rule the world

I gotta be coolin' like that
And I feel alright
I'm coolin' like that
And I'm living the good life
I'm coolin' like that
And I'm telling you no lies
I'm coolin' like that
And I live like there's no time
It's like that
And I feel alright
I'm coolin' like that
And I'm living the good life
I'm coolin' like that
And I'm telling you no lies
It's like that
And I live like there's no time

Yeah I've been coolin' like that from way back
And I cannot stop
With the clothes falling off, yeah
Lay back, relax, turn up the Walk Off tracks, yeah
Proceed to climax with the opposite sex
Guitar

I met this girl in Puerto Rico
She know my tune from the radio
We drove downtown
We hit the disco, yeah
We danced all night
And watched our feelings begin to grow

This insane life
You must grab a girl
Later tonight
I will rule the world

I gotta be coolin' like that
And I feel alright
I'm coolin' like that
And I'm living the good life

I'm coolin' like that
And I'm telling you no lies
It's like that
And I live like there's no time
It's like that
And I feel alright
I'm coolin' like that
And I'm living the good life
I'm coolin' like that
And I'm telling no lies
It's like that
And I live like there's no time

And I feel alright
And I'm living the good life
And I'm telling you no lies
And I live like there's no time
And I feel alright
And I'm living the good life
And I'm telling you no lies
And I live like there's no time
