

Miss Jeppetto

Walk Off the Earth

You want the places I go
And all the people I know
You want explained to you
Yea all these things that I do
And all these people I screwed
You want then rated too

I'm losing by your hands
Miss Jeppetto let me stand
I'm losing by your hands yea yea yea
Miss Jeppetto let me stand

I try to explain but I knew you'd just block me out
So I just sit here with these zero regrets or doubt
I try to explain but I knew you's just block me out
So I just sit here with these zero regrets or doubt

I try to say let me go
But you don't listen to no
So "my mistakes" is for you
You want these things that I do
And all these people I've screwed
You want them rated too

I'm losing by your hands
Miss Jeppetto let me stand
I'm losing by your hands yea yea yea
Miss Jeppetto let me stand

I try to explain but I knew you'd just block me out
So I just sit here with these zero regrets or doubt
I try to explain but I knew you'd just block me out
So I just sit here with these zero regrets or doubt

I try to explain but I knew you'd just block me out
So I just it here with these zero regrets or doubt
I try to explain but I knew you'd just block me out
So I just sit here with these zero regrets or doubt

I try to explain but I knew you'd just block me out
So I just sit here with these zero regrets or doubts
I try to explain but I knew you'd just block me out
So I just sit here with these zero regrets or doubts
