

## Speeches

### Walk Off the Earth

The second snow was heaven sent  
You laid it out like evidence  
Read all the words you never said  
Like speeches for the president  
I drew your name in wet cement  
Made promises in reverence  
To save them for your reference  
A victim of my circumstance

But oh when you lay your hands on me  
I know that I can heal  
There's a blinding light  
That no one else can see  
Nobody no nobody but me  
Oh oh oh oh ooh oh  
Nobody no nobody but me  
Oh oh oh oh ooh oh  
Nobody no nobody but me

The signatures did finalize  
Our pens had found the bottom line  
The past that had me paralyzed  
And all my future analyzed  
Do you think we got it right?  
The world will disagree this time  
Will it turn a wicked tide?  
Or be a ghost that keeps us up at night?

Oh when you lay your hands on me  
I know that I can heal  
There's a blinding light  
That no one else can see  
Nobody no nobody but me  
Oh oh oh oh ooh oh  
Nobody no nobody but me  
Oh oh oh oh ooh oh  
Nobody no nobody but me  
Oh oh oh oh ooh oh  
Nobody no nobody but me

Will I never know your name  
Cause I wanna know  
Did you ever care to say  
That you want me?  
That's all I wanted

Oh when you lay your hands on me  
I know that I can heal  
There's a blinding light  
That no one else can see  
Nobody no nobody but me  
Oh oh oh oh ooh oh  
Nobody no nobody but me  
Oh oh oh oh ooh oh  
Nobody no nobody but me  
Oh oh oh oh ooh oh  
Nobody no nobody but me

Oh oh oh oh ooh oh  
Nobody no nobody but me
