

## We Got Love

## Walk Off the Earth

Two steps forward, one step back  
With you on my shoulders it's not fast  
But I will get there someday  
Might be slower, but we'll have stories  
When we're older!  
Hard days, but we got one another!

That's the thing about us  
We got love love love  
That's the thing about us  
We got love love love  
If you think you might break,  
If you think you might fall  
If you think you've got nothing at all  
But you got us, we got love love love  
Oh, we got love love love

Na na na na na na  
Na na na na na na

We've got questions that don't have answers  
We tell our tales and we talk for hours  
Ain't that something you hold on to?  
That some few days at the end of summer  
Hard days, but we got one another!

That's the thing about us  
We got love love love  
That's the thing about us  
We got love love love  
If you think you might break,  
If you think you might fall  
If you think you've got nothing at all  
But you got us, we got love love love  
Yeah we got love  
Na na na na na na  
Yeah we got love  
Na na na na na na

With time goes by, it makes it hard to see  
Hearts get broken like fairy dreams  
But if we'll try I know that you'll agree  
Our love is something that can change the world

That's the thing about us  
We got love love love  
That's the thing about us  
We got love love love  
If you think you might break,  
If you think you might fall,  
If you think you've got nothing at all  
But you got us, you got love love love  
I only got love

Na na na na na na  
Yeah, we got love  
Na na na na na na

That's the thing about us  
Na na na na na na  
We got love  
Na na na na na na  
You and me,  
Na na na na na na  
That's the thing about us  
Na na na na na na  
We got love  
Na na na na na na  
Na na na na na na
