## Walk the Moon

I know everyone you know  
You know everyone I know  
Our Venn diagrams are one circle

You grow up when I'm not looking  
We grow apart without knowing  
And all of a sudden I'm leaving

So I say I'm sorry I can't, I've got plans  
As I watched the time slip through my hands

What you don't know now,  
One day you'll learn  
Growing up is a heavy leaf to turn  
A heavy leaf to turn

Take me with you  
'Cause even on your own,  
You are not alone

Take me with you  
'Cause even by yourself, my love  
You are something else

One summer turns into ten summers  
One lover turns into ten others  
But this memory is still with me

So close bring me in so close  
Your clothes underneath my clothes  
Once upon a time in Portugal

So I say I'm sorry I can't, I've got plans  
As I watched the time slip through my hands

What you don't know now,  
One day you'll learn  
Growing up is a heavy leaf to turn  
A heavy leaf to turn

Take me with you  
'Cause even on your own,  
You are not alone

Take me with you  
'Cause even by yourself, my love  
You are something else

No matter what you want,  
Somebody else wants it just as bad  
No matter what you got,  
Somebody else has got it worse  
No matter when I got to you,  
Somebody else got to you first

So I say I'm sorry I can't, I've got plans  
As I watched the time slip through my hands

What you don't know now,  
One day you'll learn  
Growing up is a heavy leaf to turn  
A heavy leaf to turn

Take me with you  
'Cause even on your own,  
You are not alone

Take me with you  
'Cause even by yourself, my love  
You are something else

Take me with you  
'Cause even on your own,  
You are not alone

Take me with you  
'Cause even by yourself, my love  
You can carry with you anyone else
