It's automatic
when I talk to old friends,
the conversations
turn to girls we knew
when their hair
was soft and long.
And the beach
was the place to go.

The sun-tanned bodies and the waves of sunshine California girls and the beautiful coastline... The warmed up weather, let's get together and do it again.

Now I've been thinking about all the places we surfed and danced, and all the faces we missed so let's get back together and do it again.

With a girl the lonely beach looks good at twilight ... Makes your nighttimes warm and outta sight...
