Feel So Good

So long... I've been waiting so long Just for someone like you To happen along And I know Ooh, that I've been before When I think of your smile And I hear your song For you make me feel so good (Make me feel so good) Make me feel better than I thought I could I hope that it's understood I love you so much, 'Cause you make me feel so good Someday... Ooh, I dreamed that someday All the trouble and steam Will be out of our way I know... Our time together's been short Just believe what I say ... You remain in my heart... There you stay You make me feel so good (Make me feel so good) Make me feel better than I thought I could I hope that it's understood I love you so much, 'Cause you make me feel so good You make me feel so good (Make me feel so good) Make me feel better than I thought I could I hope that it's understood I love you so much, 'Cause you make me feel so good
