

He's That Kind Of Friend

Walter Hawkins

If you ever need a friend that sticks closer than any brother
i recomend jesus, jesus because he's that kind of friend
he will never, never forsake you
even though he every thing there is to know about you
i recomend jesus, jesus because he's that kind of friend
he'll walk right in front of you to always protect you
so the devil, can't do you no harm
he is faithful every day to help you along the way
he's that kind of friend
he'll walk right in front of you to always protect you
so the devil can't do you know harm
if with in your heart, you take him in, new life, will begin
he's tha kind of friend
