

Bye Bye Baby

Wanda Jackson

Well everythin' I do is wrong everythin' I say is wrong
My baby tellin' me so long what am I gonna do
Cause there's just no more dreams to dream no more tears to cry
Nothin' left to say but a baby a baby bye bye

Oh I once was your sweetheart now you found a new sweetheart
I hate to see you break my heart what am I gonna do
Cause there's just no more dreams...
Yeah oh I have got to get by ah it'll be hard but I'll try
I'm a gonna love you till I die here I am walkin' alone
Cause there's just no more dreams...
Oh baby a baby bye bye yeah oh baby a baby bye bye oh baby a ba
by bye bye
