

# High

Wanessa

I can feel it  
All around me  
I can see your  
Love inside me  
I feel stronger  
When I'm close to you

I can hear you  
Know you're coming  
By the way my heart is beating  
You're the reason  
Sky is turning blue

You make me feel high  
I turn to you when I hear you call  
You make me feel high  
I can't get enough of your love  
You make me feel high  
I know you're the one I was waiting for  
All of my life  
I've been waiting too long  
Na na na na na na na na na na  
I've been waiting too long

I can see your  
Light is burning  
I can feel the wind is turning  
In the distance  
I can see your face  
Love's a promise  
I believe it  
It's a journey  
I can make it  
Cause you lift me  
To another place

You make me feel high  
You make me feel so high above  
You make me feel your love's enough  
You give me... you give me love!  
(I can't get enough of your love)  
Come on my light, give me love  
You make me feel so high above  
You make me feel your love's enough  
You give me... you give me love!  
(I can't get enough of your love)  
Come on my light, give me love
