

Turn It Up

Wanessa

Sun is down, the night is found
I work hard for another day
It's time to celebrate
I wouldn't want it any other way!

And I live my life like I got one day
If tonight is it,
And I'll be so I'll be OK
So DJ won't you play my favorite song ?
I'm gonna turn it up now
Turn it up like I've got one day
I'm gonna turn it up now
Everybody let me hear you say
I'm gonna turn it up up up up up up
Gonna turn it up up up up up up

100K in my pocket,
I'm taking off like a rocket
Soulja here, let's just get it started
Always go retarded
They know my swag is my call
Me and Wanessa we roll
Billion range, Rolls
Sitting on 24
Up in the party, I'm heart of the party
I'm turning up to the maxim!
I'm gonna turn it up!

Feels right to be alive
Let go and dance the night away
Just love and celebrate,
I wouldn't want it any other way!

And I live my life like I got one day
If tonight is it,
And I'll be so I'll be OK
So DJ won't you play my favorite song ?
I'm gonna turn it up now
Turn it up like I've got one day
I'm gonna turn it up now
Everybody let me hear you say:
I'm gonna turn it up up up up up up
Gonna turn it up up up up up up

Soulja Boy:
Turn it up to the max, I walk in the club in my Racks
I'm Soulja, I tell 'em I got swag
I got splash, Rolex on my wrist
Riding around in that candy pants
Wanessa we swag in like the regular
I'm in the club and I'm turnt up
For real, or in Brazil
This just how it is
Young soldier work twenty mil
Turnt up turnt up
I turn it up to the maxim!

I'm gonna turn it up now
Turn it up like I've got one day
I'm gonna turn it up now
Everybody let me hear you say:
I'm gonna turn it up up up up up up
Gonna turn it up up up up up up
