

# If You Want To Blame Us For Something Wrong, Please Abuse This Song!

War from a Harlots Mouth

Too many set phrases  
Too many envier  
Too many people  
That don't get it

Ridiculous, the way you scratch the  
Surface  
Unbelievable, the way you search  
With sway  
Predictable that you won't find  
Anything  
And yet won't stop to talk
